

## Chase Challenge 2008 – Sprint Final Details

Directions: The event is being held on the South-West side of Lichfield. The event will be signed from the A461, approx 1.5 miles North-East of the junction with the A5 (i.e. where the A461 enters Lichfield from the South West). Grid ref: SK 107 085

Parking: Event parking has been kindly provided (free of charge) by Waitrose. Please follow marshals directions once in the supermarket car park, as an area has been specifically allocated for orienteers.

Terrain: The area is a complex mix of modern housing estate - with twisting streets and numerous cut-throughs - and landscaped parkland with a mix of new and mature trees. Please note that all low level newly planted vegetation is marked as uncrossable (dark green). Please respect the local environment and plan your routes around these areas. No fences should be climbed – there are ample openings and other ways around.

Map: A brand new map has been specifically drawn for the event at 1:4000. There is negligible climb across the entire area. The map is A4. Courses will be overprinted, but the maps will not be bagged. Loose map bags are available at registration.

Courses: Open (approx 2.6km) and Vets (approx 2.0km).

Control Descriptions: Loose descriptions will be available at registration. Control codes (only) will be printed on the map adjacent to the control number.

Start: The start, finish and registration are a short walk from the car park (200m). Follow tapes from the car park. The start will be a punching start at 1 min intervals. First start 6.00pm. Last start 7.00pm.

Punching: Electronic punching (Sport Ident) will be used.

Toilets: There are NO toilets provided at this event - sorry. The nearest public toilets are located approx 1.5km from the event car park in Lichfield at grid ref SK 114 092 Please do not use the local bushes – this is a residential area that we would like to use for future events...!

Drinks: Water / squash will be available at the finish.
