WALTON CHASERS CAPTAIN'S WEEKLY NEWS 29/03/2015

This weekend there were two good events. Yesterday at Warwick University there was an Urban race around the buildings. Andy Yeates was second on course 2 when we left but as yet no results have appeared. At least my hired EMIT card worked this time unlike last week.

Today we had a lovely event at Shugborough. Well planned courses by Ian Turner and fast winning times.

Pats on the back to Matt H for 8th on the Brown, Emily G for 3rd and top woman on blue followed 2 seconds later by Tom O'B in 5th place. On the green I came 4th, Jon H was 7th and Mike Musters 9th in his second comeback of the year. On the short green Sarah H was 5th followed by Chris B and Jim K in 6th and 7th places. On the light green Alfie S, Henry W, Joe H, Megan C (also first woman) and Holly C came 2nd, 3rd, 4th, 5th and 6th. Amber Williams, a new name to me, came a good third on the white.

This coming week there is the JK in the Lake District. If you have not entered you are now too late.

For the relays we have full teams but if you would like a run reserves are always needed.

The following week there are two good West Midland events. On the Saturday at Lilleshall and on Sunday at Kinver Edge....more next week, probably on Tuesday week after I get home from the JK.
