

Peel Pursuit - 25th June 2019

Peel Pursuit Handicap Race and Club Barbecue

The start time for the race will be 7.00 pm plus any handicap time. Please let Jonathan Howell know if you wish to enter so that handicap times can be estimated. We will try to use SI timing with a dibbing start and finish, and a print out of results.

The grid reference for the start is [SJ974193](#) and for the barbecue is [SJ971193](#). It is about 250 metres between the barbecue and the Pursuit start.

The Pursuit route for adults will NOT be taped this year and people are encouraged to recce the route in advance. Maps of the course will be available for use on the night for anyone wishing to carry one and a PDF of the route is also attached.

The senior 4 km course is the same as last year. The junior course will be taped and is 1.9 km or, depending on the ages of any entrants, a shorter course can be arranged. Please let Jonathan Howell know. Can people also let Jonathan know if there is anyone wanting to do a junior course so that marshals can be arranged.

The bring-your-own food barbecue is at The Orchard, on the left just past the steep part of Chase Road, Brocton and down a small track to the left of the Woodlands, roughly half way between Brocton Heights and the nursery.

There is parking nearby at various points. There is a small lay-by to the right as you past the brow of the hill opposite the entrance to the track to The Orchard. There is a track immediately parallel to Chase Road, which can be used with careful parking so as to not block neighbours' access. Farther up Chase Road is the entrance to the old quarry on the left, or Beau Vista car park on the right, which is a short walk. The start can be accessed from the track to the left just above Brocton nursery or across the small valley from the back of The Orchard.
