

Walton Chasers Map Run

Event Name: *WCH Maprun Summer Series 5 Weeping Cross Post Boxes Score.*

Courses available: *WCH Weeping Cross Post Boxes - Score: 45 min*

There are 15 controls all worth 20 points each. Lateness penalty is 10 points for every minute or part off late.

Radford Bank as out of bounds as its extremely busy but there is a crossing point at the pelican crossing marked on the PDF. **The red X refer to crossing the road; the pavement is fine to use.**

Take care of crossing the other busy roads such as Weeping Cross and Cannock Rd.

Start and Finish is the post box outside the Post Office on Bodmin Ave.

Car Park: Bodmin Ave Library, Weeping Cross, Stafford.
Currently Lynton Ave is closed. Access is via Baswich Lane/Porlock Ave/ Bodmin Ave or Weeping Cross/Stockton Lane/Bodmin Ave
Post Code: ST17 0EF
Grid Ref: SJ947215
What3Words: whips.rice.moss
Best to use the Library Car Park, as the start is very close to the car park at the shops.

Pin: Not required

Live from: *8 September 2020*

Live until: *20 September 2020*

Social Distancing is still a requirement in England: The government recommends that you keep two metres away from people as a precaution.

MapRunF Instructions:

Its best to download the course and carry steps 1 to 4, before travelling to the event, in case of poor signal.

Ensure your phone has sufficient charge

1. Open MapRunF app
 2. On Home Page select Event
 3. Next Select UK / Staffordshire
 4. Select Required Event (the download can sometimes take a while)
-
5. Back on Home page, the event should now be displayed below the "Select Event" tab
 6. Press Goto Start, when ready.
 7. Go to start, where the phone should beep and then you have started (the phone screen will give you a trace of your location, to help you find the start, which disappears once started)

Controls not registering? So, you've gone to the control but your phone has refused to ping. Don't worry, carry on until you finish the course. Once finished, if your result says 'mis-punch', tap the menu icon (3 parallel lines on the top right). Choose 'review results (HITMO)'. If there is a control number in red with a box next to it, tap the box to claim that control. Repeat with other controls as necessary. Then tap 'submit a revised result' on the bottom of the screen. Your result will then be shown as a revision. NB: the tolerance defaults to 30m.
